Hi Doug,

Sorry I missed your call. I'd be glad to provide an EPA Liaison report at the meeting and participate in the R5TOC meeting planning discussion if appropriate. I touched base with Don this morning about the pesticides presentation. He will send me the slides for his presentation and if we can display those at the meeting that should work. Also, will there be a conference line for the meeting or can we just call Don directly from the room? I'll have his number with me. In terms of planning, he is available at 11:00 am on Wednesday morning if that works for your agenda.

Jenny
